

Practical 10: Create User and Grant Permissions in Oracle

Code:

Create a new user

```
CREATE USER test2 IDENTIFIED BY test2  
DEFAULT TABLESPACE example  
QUOTA 10M ON example  
TEMPORARY TABLESPACE temp  
QUOTA 5M ON system;
```

Grant CREATE SESSION privilege

```
GRANT create session TO test2;
```

Grant object privilege on a table

```
GRANT select, insert, update ON department TO test2;
```

Revoke a privilege

```
REVOKE insert ON department FROM test2;
```

Output:

```
User created.  
Grant succeeded.  
Grant succeeded.  
Revoke succeeded.
```
